INSTRUCTIONS

1. Paint the belly of the bird Snowflake with 2 coats
2. Paint the chest, face, and around the eyes with the color Carrot Juice and do 2 coats for that as well.
3. Paint the top of the head, back, wings, and tail in 2 coats of Mocha Java but leave the tips of the wings and tail unpainted for now. When the paint is still wet, blend out the edges on the wings and tail where you are going to leave it unpainted.
4. For the wing and tail tips, paint 2 coats of Sahara. You can use the same blending technique for this to blend Sahara into Mocha Java.
5. Paint 2 coats of Sahara on the beak and blend out the edges as well.
6. Paint in the eyes Licorice. You can do 1 thick dot of paint or 2 thin layers.
7. Lastly, add a dot of Snowflake in each eye.
